

CAN'T WAIT for the *GOVERNMENT* to DISARM TRIDENT?

JOIN *TRIDENT PLOUGHSHARES* and Be Part of the Disarmament Process

Trident Ploughshares is a network of people working to begin the process of disarmament of Britain's nuclear weapons by open, accountable, nonviolent direct action.

Britain has had nuclear weapons for over half a century. Each of the UK's four Trident submarines carries up to 48 nuclear warheads – each 8 times **more** powerful than the Hiroshima bomb. Trident Ploughshares is calling on the UK to lead the way towards abolition by disarming Trident now. More and more people are recognising the wastefulness of spending **over £2 billion** annually & **up to £97bn** to replace a weapon system that would kill millions of innocent civilians and poison the planet. People want that money used to address the threat of climate change, and to reinvigorate health care and education.

The US and Russia are planning to reduce their arsenals and the UK may do so too. But reductions alone will not ensure real security. As long as Britain retains nuclear weapons it is in violation of the Nuclear Non-Proliferation Treaty. The UK cannot expect other countries not to develop nuclear weapons while retaining and planning to replace its own arsenal.

Politicians won't disarm without strong public pressure.

Direct Action: A Powerful Form of Communication

Trident Ploughshares has raised the issue of nuclear disarmament for over eleven years through major disarmament actions, blockades and disarmament camps at nuclear bases. Now is the time to push hard for the disarmament of Trident and the abolition of nuclear weapons worldwide!

Trident Ploughshares members take part in nonviolence training and direct action within small autonomous affinity groups. Everyone participates in decision making, planning and action in whatever ways they see fit, as long as they follow a few agreed nonviolence guidelines. People are also needed to do media work, provide legal support, organise transport, etc. Everyone's creativity and contributions are vital to the campaign.
